Attn. Mr. Keith Famie

Dear Mr. Famie,

With much enthusiasm, we write to let you know that Old St. Mary's Roman Catholic Church in Detroit is looking forward to the story you will tell about the history of the Motor City through the decades and the lives of our congregants.

As the many houses of spirituality here in Detroit, the echoes of the people past, present, and future in the church will live on with the new PBS series *Detroit, City of Churches*. Detroit has been at ground zero of many historical events that helped shape Detroit, the region, and the nation.

Your future PBS film, *Detroit: City of Churches*, will indeed become a bridge-builder between so many communities here at home and afar.

We look forward to being featured in this film as we know that Old St. Mary's has a great story to tell and has played a significant role in so many aspects of Detroit's history.

We stand by to support this inspirational journey you are about to embark on with this production. With much anticipation, we support *Detroit: City of Churches*.

Sincerely,

Rev. John Owusu Achiaw
Pastor, Old St. Mary's Catholic Church
